ANNOUNCING ENROLLMENT OPENINGS

# Individual & Family Services

**Thanks to additional funding by our state legislature last year, our state has opened its door to enrollment for nearly 4,000 children and adults on DDA's No Paid Services Caseload.**

**IFS is Open for Enrollment.** If your son or daughter is a client of the Developmental Disabilities Administration (DDA) and not receiving a paid service, they may be eligible to receive a broad array of services and supports through the Individual & Family Services (IFS) waiver. IFS has four different funding levels (determined by assessed need): \$1200; \$1800; \$2400; \$3600.

**Family Income is Not Considered.** After an assessment determines level of need, a financial eligibility determination is made based on the individual's income\*, not the family's. In addition to IFS services, clients on the IFS waiver will be eligible for Apple Health/Medicaid health care.

\*DDA clients who have resources in their name in excess of \$2,000 may not be eligible for the IFS waiver.
